March for dignity – anti-poverty demo at Queen's Park (2004)

30
Dan Freeman--Malloy expelled from York for anti-Zionism (2004)

RAISE THE RATES!

welfare & ODSP recipients:

demand 40% higher payments

After ten years of brutal Tory rule, and now a year of excuses from the Liberals, welfare and ODSP rates are shamefully inadequate. Is is impossible to make ends meet when the cost of living goes up while our cheques are LESS than they were before Mike Harris came to power in 1995.

Join OCAP in taking up a fight to win back all that has been taken from those on welfare and ODSP. No one should have to choose between eating properly and paying the rent or lie awake at night and wonder how to tell their kids they can't have the things other families take for granted.

The right to decent income will have to be forced from the McGuinty Government and we are calling on people all across Ontario to join us in making this a reality.

Contact OCAP to join the campaign and find out about the next action:

This calendar can be used year after year and is a fundraiser for the Ontario Coalition Against Poverty. All revenue goes back into the daily work of the organization, from casework and advocacy to large-scal mobilizations for dignity, housing and economic justice for the poor. The artwork in this calendar is presented as part of an ongoing portrait of the popular resistance that exists, and grows against the individuals and institutions tha rely on and benefit from our oppression and our poverty.
